INNOVATIVE ADAPTATIONS

Need:

Provide mouth-stick
holder for quadriplegic
client

Need:

Provide oxygen cannula holder that did not rub ears

Need:

Provide a grab bar that easily attached to wheel chair table

Need:

Provide a low cost remotely operated door lock

Need:

Provide 120VAC power supply and speaker holders for computer based speech synthesizer

Need:

Provide tray for wheel chair that has water bottle and smartphone holders

Need:

Provide a secure wheel
chair computer backpack
for use by University
student

Need:
Provide second
handrail so client
with CP can use
basement stairs

Need:
Provide remote
visual alarm
indicator for
portable ventilator

Need:
Provide foot rest for
older child who must use
a stroller

Need:

Provide flexible holder for Camelback hose for teen client

Need:
Provide flexible
holder for Camelback
hose for teen client –
take 2

Need:

Provide brace for client to push off of when getting into and out of bed

Need:

Provide cupholder for
wheelchair based client

Need:
Provide fixed
toilet platform for
institution with
young clients

Need:

Provide vertical ladder that can be used by client stand and get into wheel chair on their own

Need:

Provide doggie treat release to reward dog by client without fine motor control

Need:

Provide moveable kiddie seat for older toddler

Need:
Provide tandem
wheelchair carrier
for Mom to use with
her two children

Need:

Provide recumbent tricycle carrier for the car that could be used by a disabled client

Need:

Provide adjustable,
removable toilet
stand for use by
growing child

Need:

Provide means for
client in wheelchair
to Curl

Need:

Provide a Kindle e-reader holder that fits a wheelchair table

Need:
Provide a bed
that safely
prevents child
from injuring
themselves

Need:

Provide activity centre for school for disabled

Need:

Adapt commercial bath seat to fit client's tub

Need:

Provide back brace
so young client could
sit upright on his
own

Need:
Provide a car carrier
for client's racing
wheelchair so that
she could load it
without assistance

Need:

Provide portable ramp and case for use with wheelchair

Need:
Provide adjustable
cupholder for client

Need:

Provide a palette stand for quadriplegic artist who paints with her mouth

Need:

Provide portable handrails for client re-learning how to walk after a stroke

Need:

Provide a portable
easy to set-up I-pad
holder to hold I-pad
away from lectern
so it could be used
by person in a
wheelchair making
speeches

Need:

Provide an easy to remove cup holder that fit onto wheelchair tray

Need:

Adapt aspirator so that quadriplegic client can turn it on and off as needed with pillow switch

Need:

Provide an easily removable Skoog (an electronic musical instrument) holder for a wheelchair

Need:

Provide TV remote control holder that fit on wheel chair table

Need:

Provide cup and smartphone holders for wheelchair table that were easily removable, yet did not fall off when chair was moving

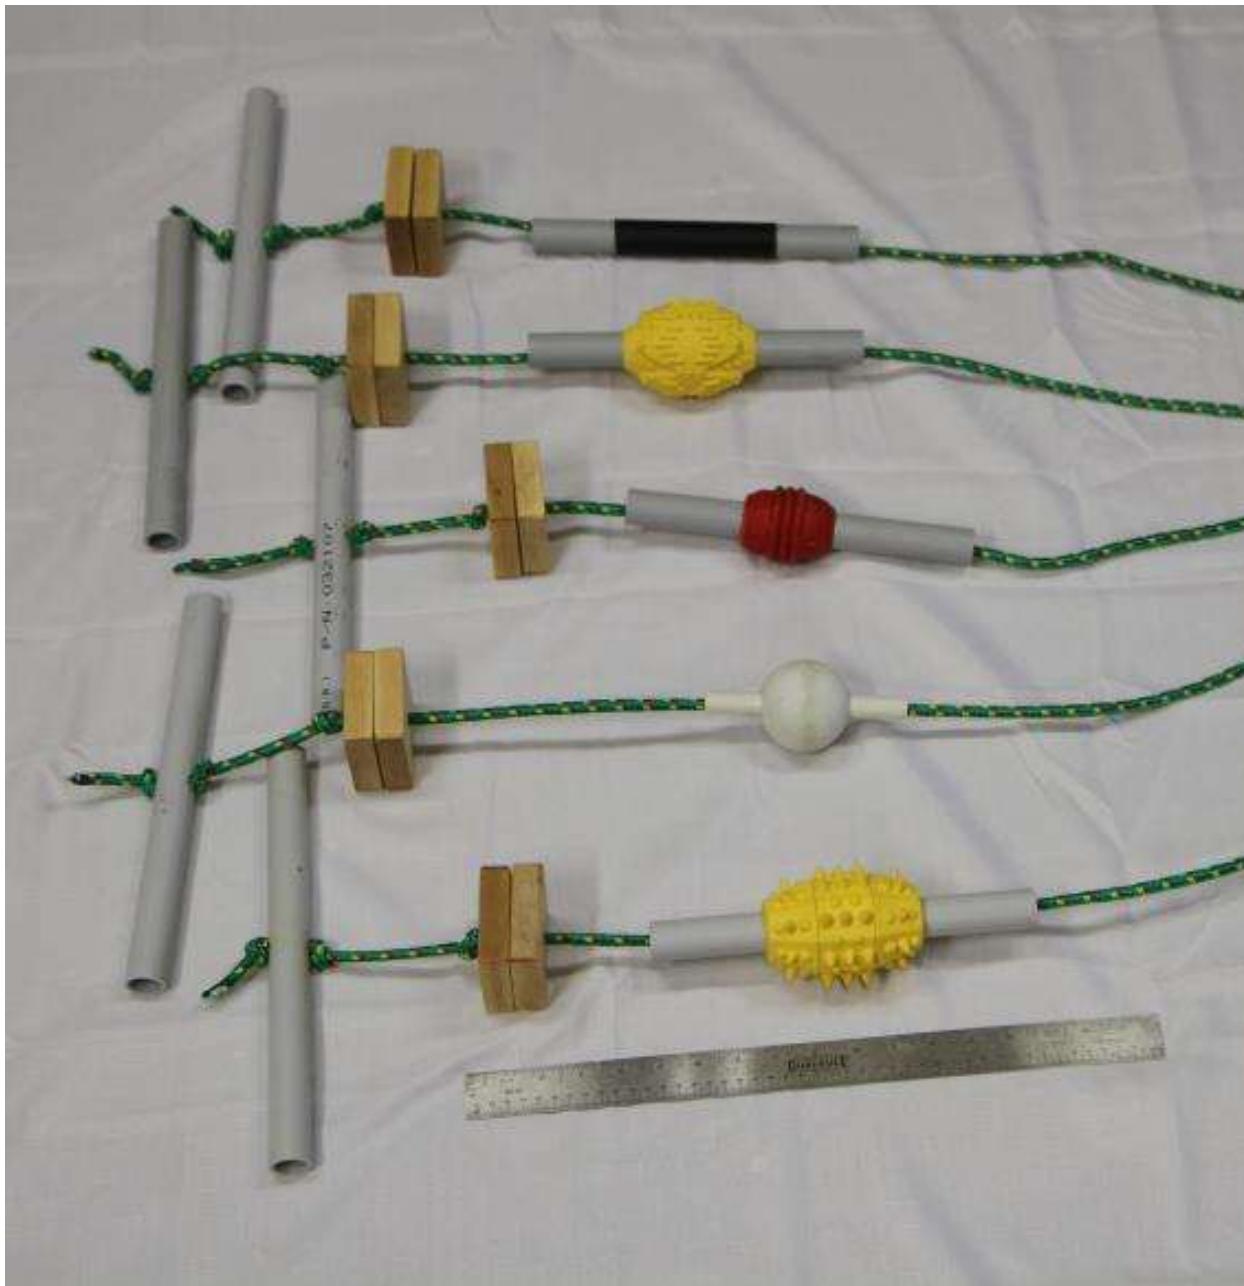

Need:

Provide an I-pad holder that can be easily mounted to a wheelchair table

Need:

Provide throwing devices with different shapes and that make noise to help teach visually impaired youth how to throw

Need:

Provide pull-out shelves for fridge that were wheelchair accessible

Need:

Provide replacement wheelchair table with cupholder and reinforced corners

Need:

Provide wheelchair ramp for house

Need:

Provide custom sled for winter use

Need:

Provide snow plow that can be attached to electric wheelchair

Need:

Provide sled for 2 clients in wheelchairs that can be towed by a snowmobile

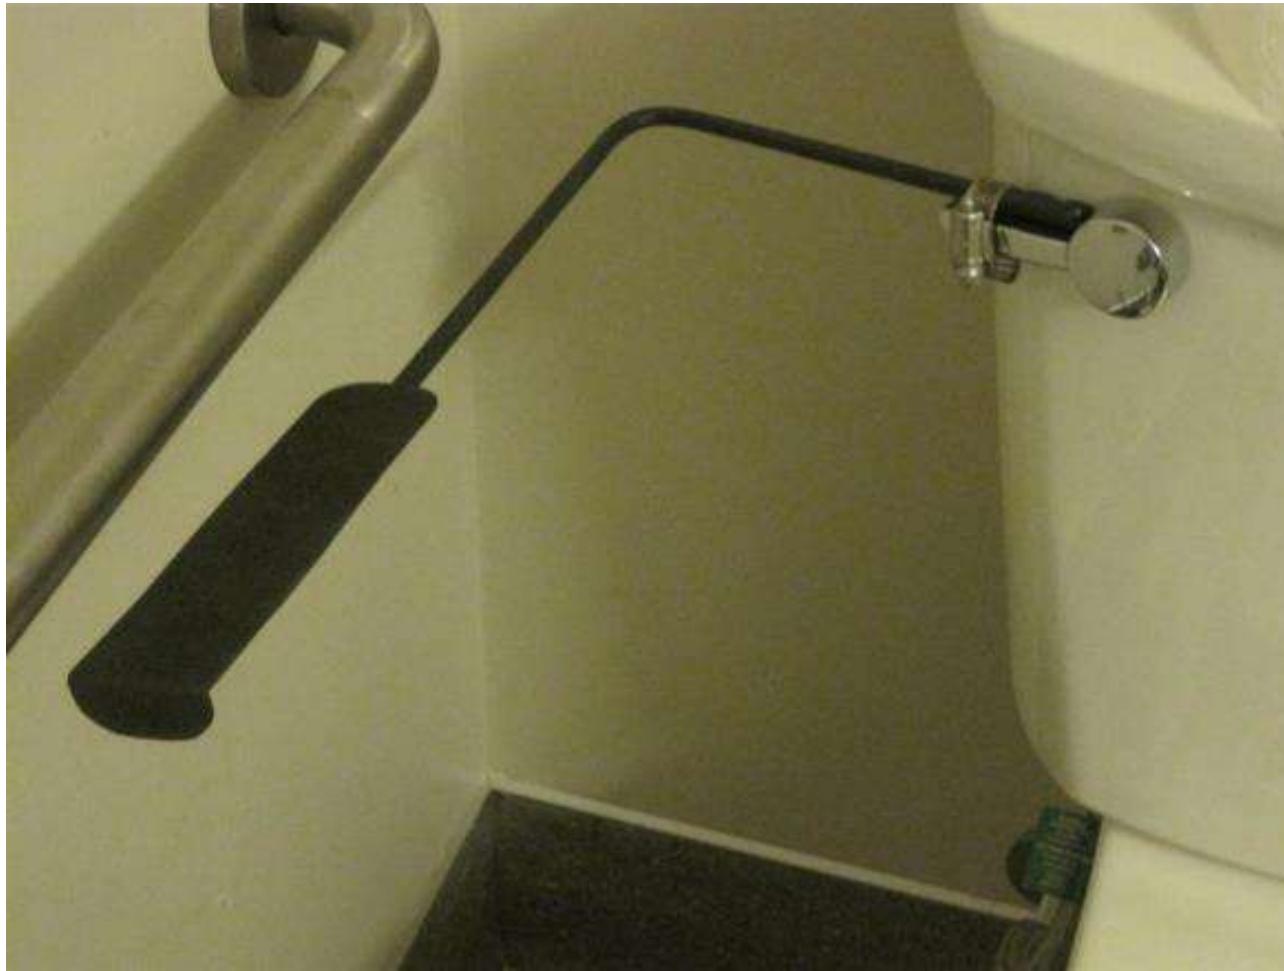

Need:

Provide adjustable support to steady clients using a planter box

Need:

Provide toilet flush handle extension

Need:

Provide ladder so
client could get into
wheelchair on their
own

Need:

Provide easy to attach cup holder that swivels

Need:

Provide custom base
that allows lamp to
swivel

Need:

Raise the height of a
client's commode

Need:

Provide portable
activity centre box
for client

Need:

Provide ramp so wheel chair can get over door sill

Need:
Provide support for
chair

Need:

Raise commode
height for growing
child

Need:

Provide a sandbox that prevents sand from spilling out

Need:

Securely mount 3 E sized O₂ tanks to back of wheelchair

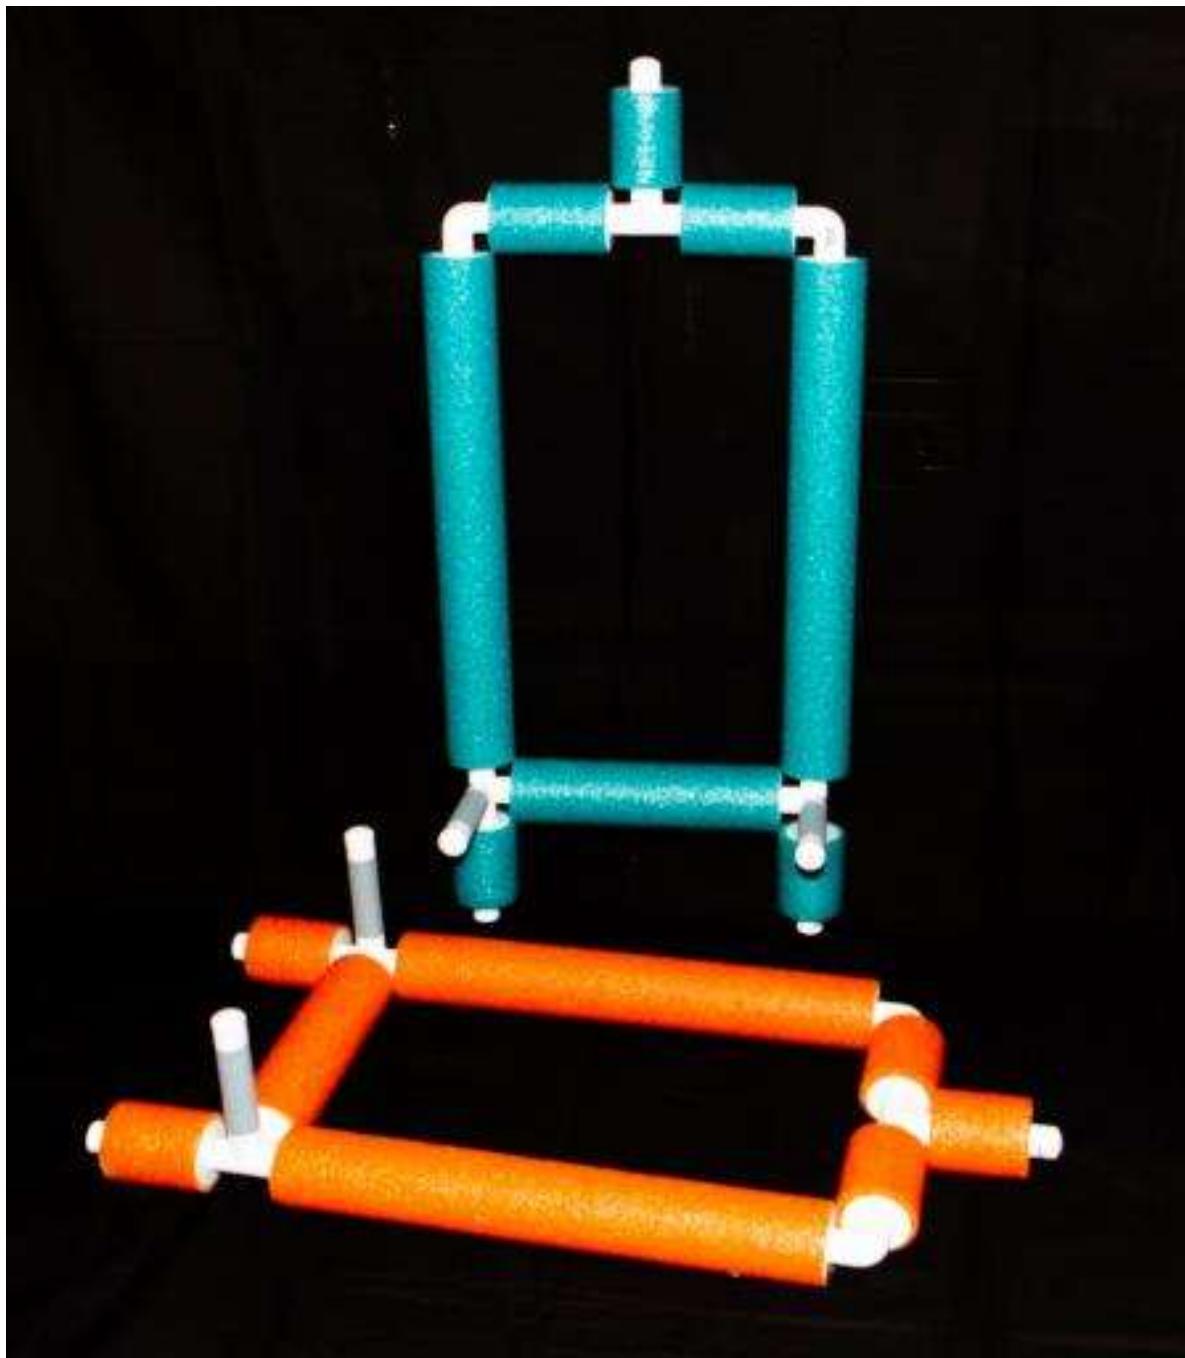

Need:

Provide a trainer that can teach children how to use electric wheelchairs

Need:
Modify walker so
brakes can be used by
client with no hands

Need:

Provide floats that can be used to help introduce disabled children to a therapy pool

Need:
Push-bar mounted
higher on a wheel
chair

Need: Lazy Susan carousel for paint storage

Need:
Weatherproof cover
adapted for stroller

Need:
Walking tricycle
adapted for client

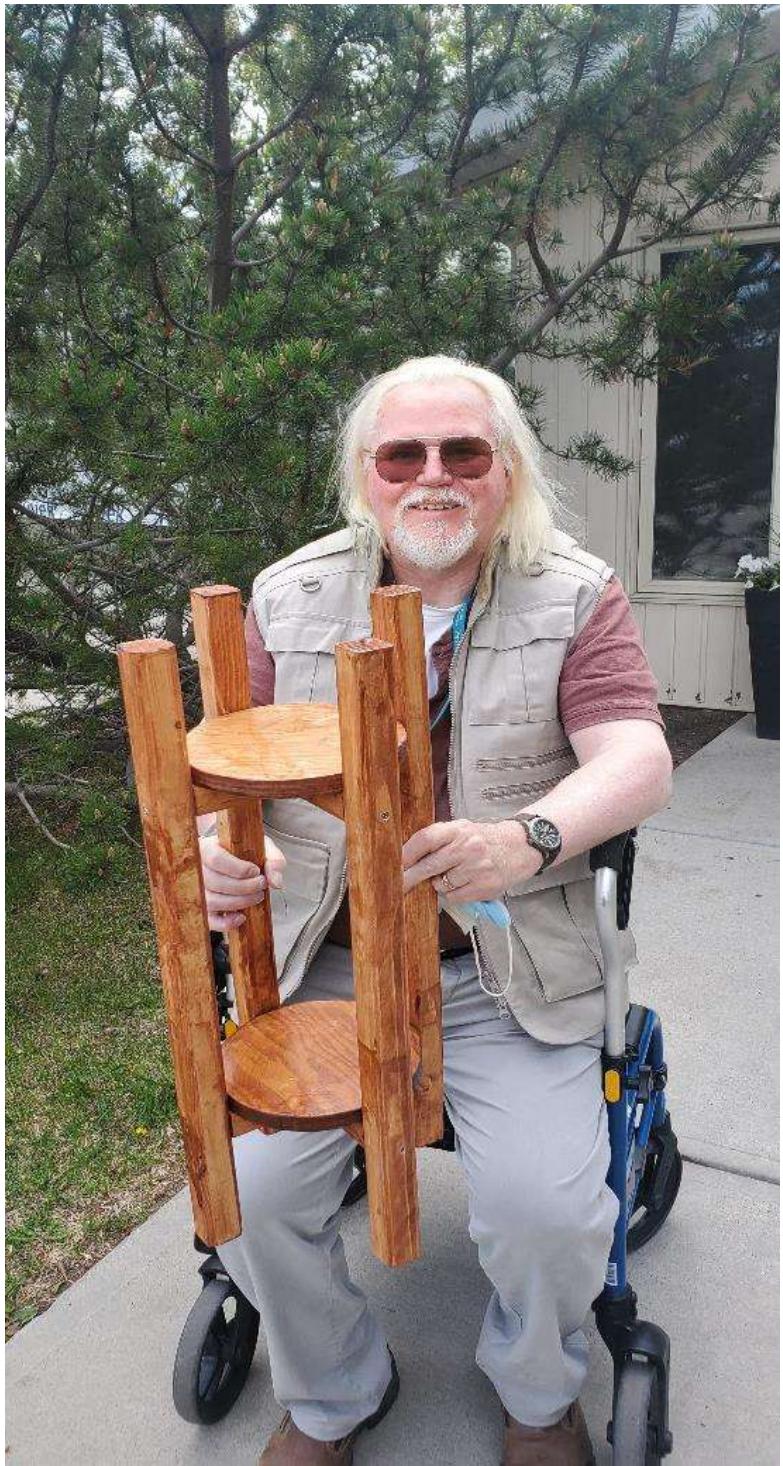

Need:
Log Stump hollowed out
for use as a planter

Need:
Wheelchair adapted
for off-road use

Need:
Plant stand for use in
a group home

Need:

Stick attached
to wheel chair
to play ball
hockey

Need:
Tilting table that
was wheel chair
accessible

Need:
Cupholder for electric
wheel chair

Need:
Cart accessible by
wheel chair to hold
disinfecting
machine

Need:
Child activity center that
was height
adjustable

Need:
Bowling ramp game for
a group home

Need:
Stroller repaired and
made stronger

Need: Adjustable sleds for disabled children

Need: Bed Rail mounted on custom bed

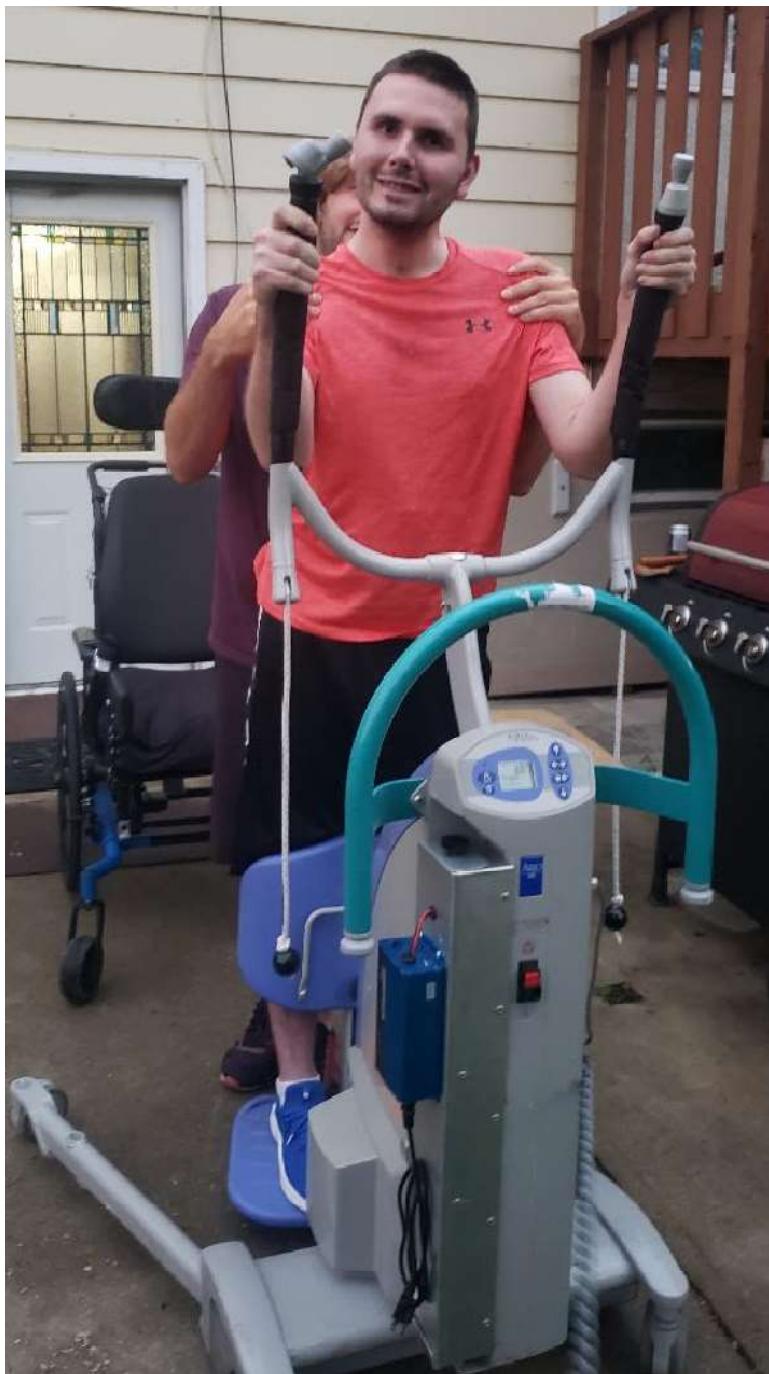

Need:

Adjustable table that
folded out of way for
child's wheel chair

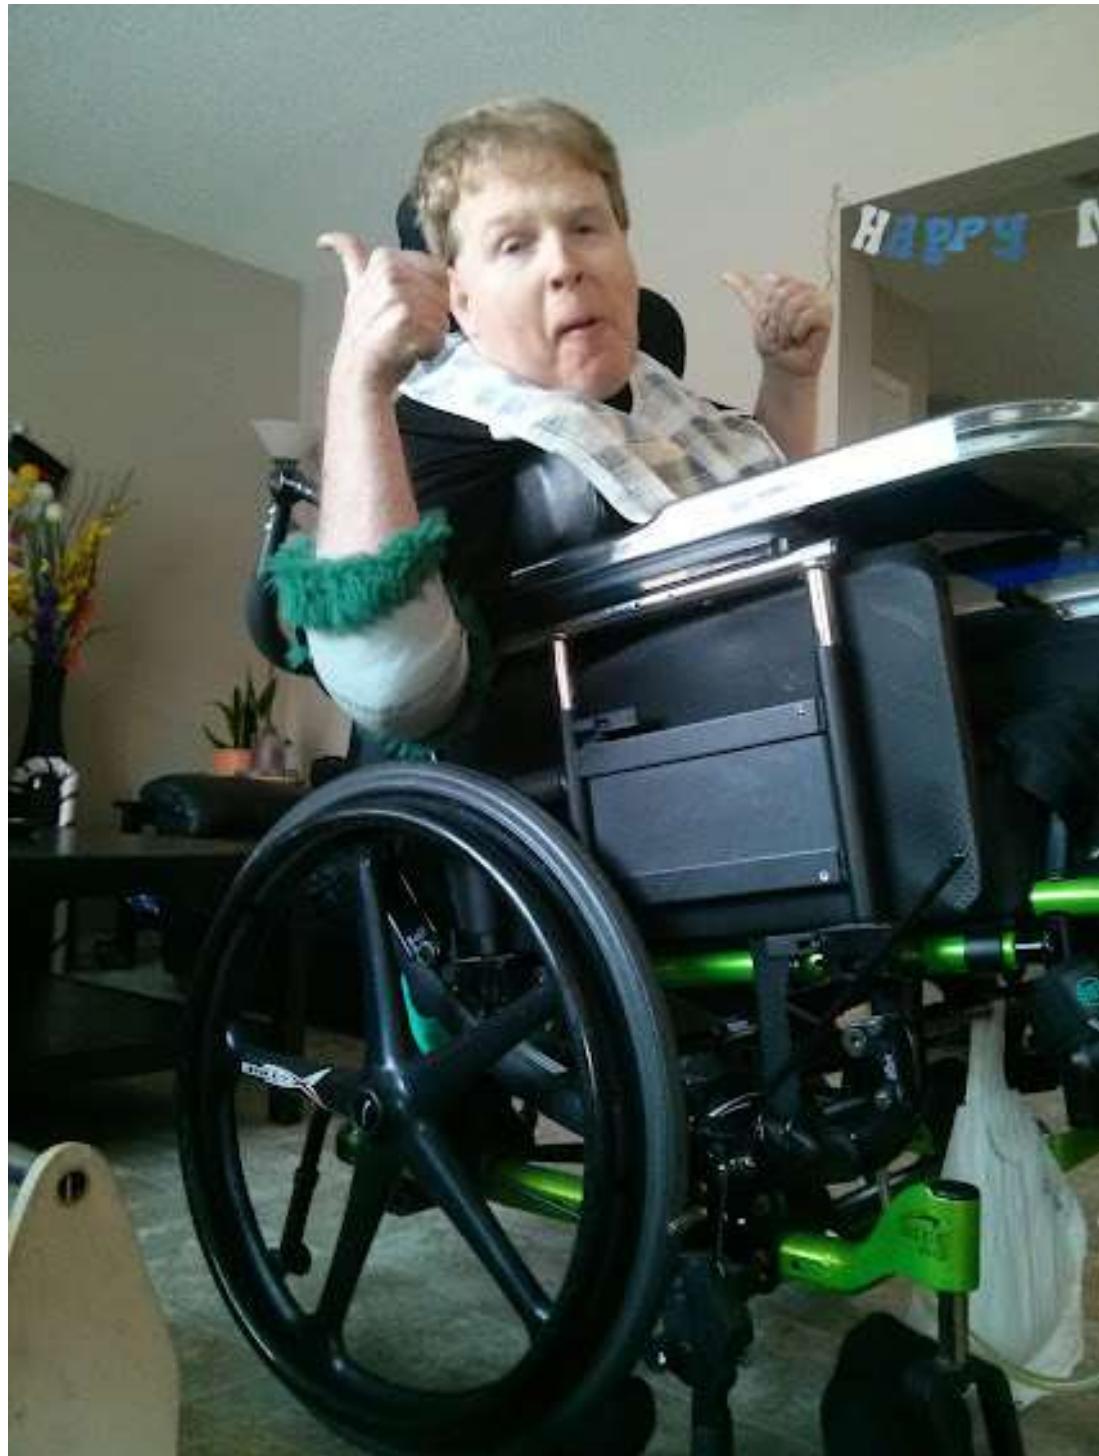

Need:
Electric scooter
adapted for client with
two leg prostheses

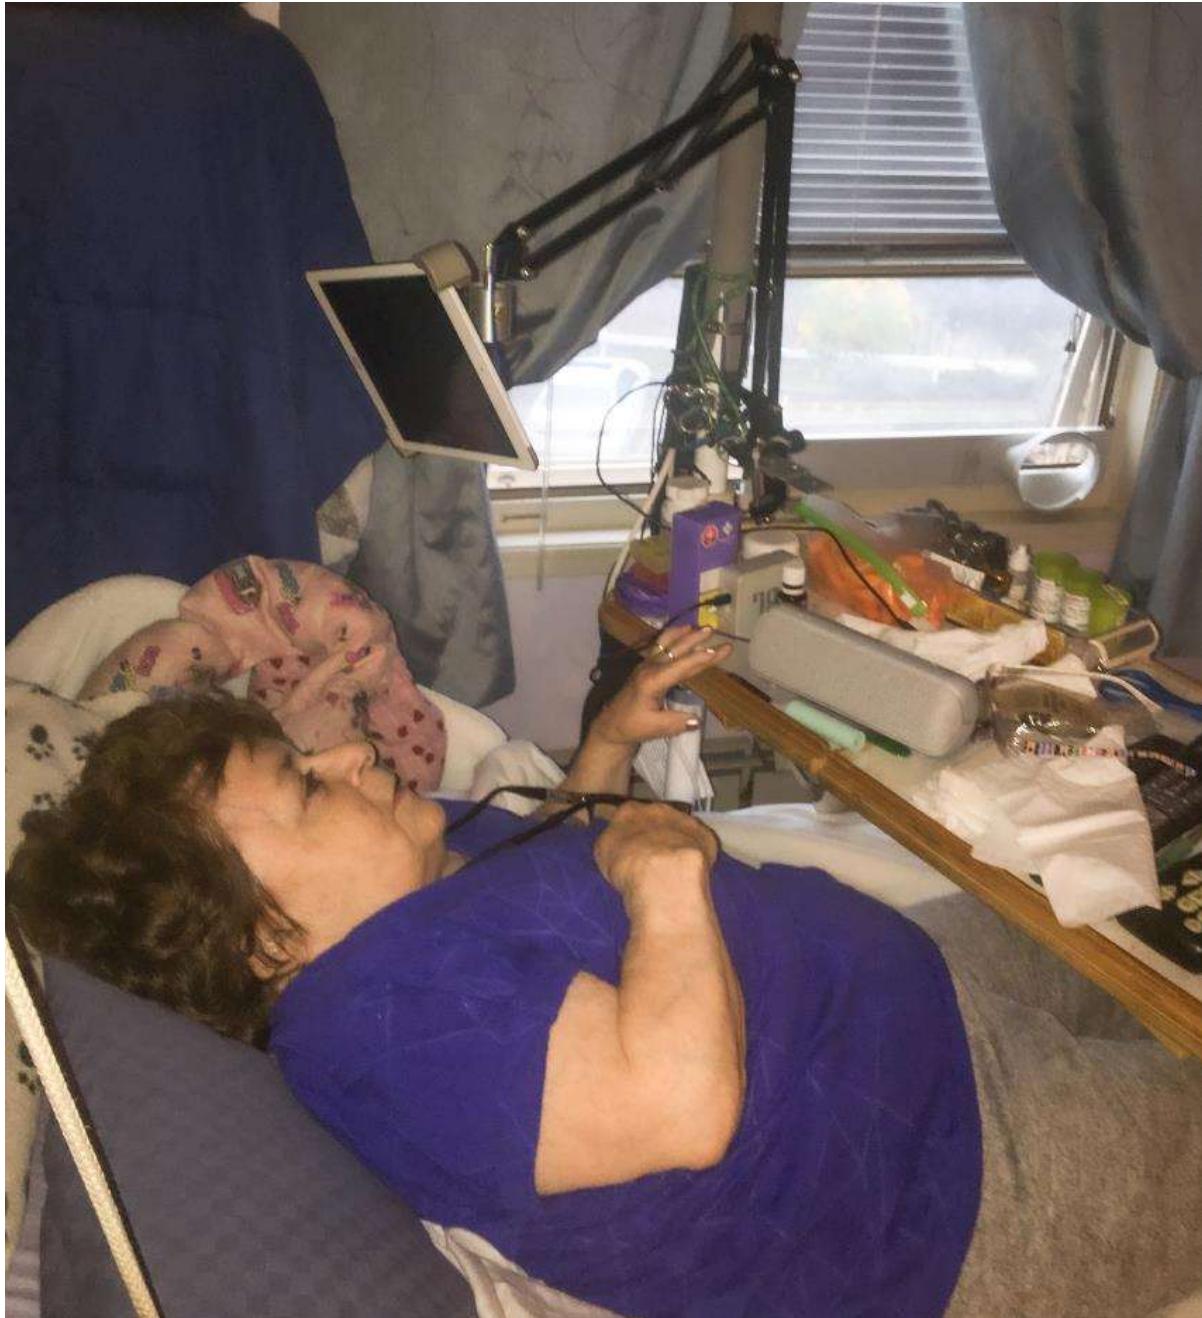

Need:
Assist standing up to
get in wheel chair

Need:
Jewelry box and
tray kits that could
be assembled and
finished in a group
home

Need:
Wheel chair brake
handle extension

Need:
I-pad holder that
could be used in
bed
